04:00 PM – 05:00 PM	Live Hours - Exhibit Hall

**All times are Eastern Standard Time.*

**Detailed program available here:* <https://www.xcdsystem.com/cim/program/3jfCXtl/index.cfm>

Notes:

Moving this symposium to a digital platform allows CIM to continue developing the industry and encouraging thought leadership, while safeguarding the health and wellbeing of our members, staff and conference delegates. It also allows participants to stay informed and connected from the comfort of their own home!

We are excited to embrace the opportunities offered by modern technology. Our digital platform provides an advanced forum through which to share knowledge, research, innovative practices and case studies. The virtual program includes live keynote addresses, online presentations, workshops and interactive Q&A sessions.

Virtual Exhibit Hall

- ▶ Main exhibit hall landing area with highlighted sponsors
- ▶ Virtual exhibitor booths complete with description, video and
- ▶ **Live hours:**
 - ▶ Attendees can join exhibitors in embedded virtual “booths”
 - ▶ Exhibitors can invite attendees to their booth to meet face-to-face (video chat rooms)

Live or Pre-recorded Presentations

Live presentations imply that all presenters and moderator do a “live” appearance and presentations

Pre-recorded: the introduction, presentations and transition between the presenters are pre-recorded and assembled to be delivered live. Q&A is live

On-Demand Presentations

Presentations are released after being delivered “live” and can be watched on demand until January 6th, 2021

Workshop Sessions

This is an opportunity for participants to exchange ideas on a pre-determined topic, interact creatively and draw on each other’s collective expertise. It is designed to give attendees freedom and flexibility to craft a unique session that will provide meaningful results and carry forward work beyond the conference. One moderator/session.
