# Why sponsor the CIM Capital Projects Symposium?

The mining industry often faces scrutiny for its ability to deliver successful projects. By supporting this symposium, you contribute to improving project outcomes and strengthening the global reputation of our industry at a critical time.

This is the only global event exclusively focused on mining projects, offering a unique platform to exchange knowledge, share proven strategies, and foster the growth of our industry's talent.

Becoming a sponsor positions your brand as a leader committed to advancing project delivery in mining. Your organization will gain prominent visibility among key stakeholders—clients, potential employees, financiers, and other professionals—showcasing your dedication to excellence in project execution and industry development. Sponsorship also helps us lower costs for attendees, maximizing participation and overall impact.

Join us for the 5th edition of this conference, held at the Centre Mont-Royal in Montreal, November 4–6, 2025, where we'll explore the essential factors for successful mining projects, from innovative financing to execution strategies and lessons learned.
